

## MIDGREN | SKROBE | QUARTEY

With the violin, percussion and guitar/mandola this trio creates a mix of groove, intimacy, frivolity and solemnity. Music for those who like to dance, listen, laugh, cry, enjoy, swirl.

- **Tina Quartey:** close to a living legend, started her career in Filarfolket and then Groupa in the 80s and 90s. Thereafter she has contributed, with her groove and broad palette of sound to a long list of groups and projects in folkmusic and other genres.
- **Sven Midgren** grew up with Filarfolket in the headphones and was at the same time surrounded by folk musicians who fed him with the violins traditional tunes from Skåne. Since then he is celebrated as one of his generation most sedulous dance folkmusicians with roots in the south Swedish tradition. His repertoire is broad, his playing as well with passion, playfulness and dynamics.
- **Allan Skrobe** has travelled the world, both figuratively and literally, but always returns home to the Swedish folk music. He shifts freely between lyrical melodies, harmonical back ups and rhythmical accompaniment. Always with a sense of warmth and joy.
